62. **TWED**, Bay of Quinte Ry. & Nav. Co. (m) for Napanee, Deseronto, Kingston, lands Kingston passengers in the heart of that city. At Kingston, St. Lawrence Steamboat Co. for Thousand Islands, Rich. & Ont. Nav. Co. for River St. Lawrence. At Napanee and Deseronto, Bay of Quinte Steamers and Deseronto Nav. Co.
63. **DETROIT**, all railway lines for Western States.
64. **CHABADO**, stage for Strathroy.
65. **CRATHAM**, Erie & Huron Ry. for Dresden, Wallaceburg, Court-right, Sarnia, Fargo, Blenheim and Rond Ran.
66. **WALKERVILLE JUNCTION**, L.E. & D.R. Ry. for Kingsville, Leamington, etc.
67. **NORTH GLENCOE**, stage for Glencoe.
68. **ST. ANDREWS**, Frontier S'boat Co. for Eastport, Campbellville.
69. **LONDON**, G. T. Ry. for Clinton, Goderich, Sarnia, etc.
70. **GUELPH**, G. T. Railway for Berlin, Stratford, etc.
71. **GOLDEN**, Kootenay Mail Str. "Duchess" for Windermere, Ft. Steele and Cranbrook.
72. **SAN FRANCISCO**, Steamers for Southern California, South America, Sandwich Islands and Australasia.
73. **VICTORIA**, SS. o for San Francisco, Alaska, Puget Sound.
74. **TILBURY**, stage.
75. **NORTH BOWENWELL**, stage for Bothwell.
76. **NORTH TILBURYVILLE**, stage for Thamesville, Ridgeway.
77. **MATTAWAMBEK**, Maine Central Rd. (m) for Lincoln, etc.
78. **EDMUNDSTON**, N.E., Temiscouata Railway.

STEAMSHIP sailings herein are weather permitting; on the St. Lawrence River and Gulf, on the Kootenay River, and on the Lakes are during season of navigation only. Ferry Connections at Quebec, Prescott and Detroit and Steamship sailings from Vancouver, Victoria and San Francisco, and on Pacific Coast are all the year.

o See condensed Foreign Time Table in this Folder.

(m) Connections with Railways marked thus (m) are made in Union Stations; when not so marked, the stations of the different Companies are separate.

CANADIAN PACIFIC RAILWAY

FACTS

This thoroughly-built and splendidly-equipped line has earned a reputation for comfort and regular time that few lines in America have ever reached, and none until after many years of operation. In the construction of this line the utmost care was taken with every detail, and nothing was left undone to make it what it was intended to be, the very best new line ever constructed on the American Continent.

Equipment.—The line is equipped with the finest Passenger, Sleeping and Parlor Cars in the world. The wheels used under all the passenger rolling stock are of Krupp steel, of the largest diameter, and of which has ever failed; the axles are of steel, and of the full size of the iron axles used on other lines. The car bodies are strongly framed to meet any contingency, and are wider and higher than those of any other railway. Both first and second class cars are designed to secure uniform warmth, combined with perfect ventilation, in winter, and an abundance of cool air, with freedom from dust, in summer; the cars of no other line can compare with them in these respects, nor in strength, elegance and comfort.

The Sleeping and Parlor Cars are owned and operated by the Company, and no expense has been spared to make them perfect. They are finished outside with polished mahogany, and their interiors, with their rich carvings and beautiful fittings, are beyond comparison. The berths are wider, higher and longer than in other sleeping cars. The curtains, blankets and linen, made expressly for the Company, are of the finest quality. Many of the Sleeping Cars are provided with bath rooms.

Second Class, or Colonist, Sleeping Cars are run on this line instead of the ordinary second class cars. They are handsomely upholstered in light woods, on the general plan of ordinary sleeping cars. They are bright and pleasant, and so comfortable that they are largely used by first class passengers in making short trips. No extra charge is made in these cars. Colonists on transcontinental trains can procure mattresses, curtains and blankets from the Company, suitable for these cars, at cost price. See page "General Information" for particulars. **Tourist Excursion Cars**, fitted with mattresses, curtains, blankets, pillows, etc., and in charge of porters, are run at stated intervals between Boston, Montreal, Toronto, St. Paul and Seattle, Wash., via New Whatcom. A small extra charge is made for berths in these cars.

Dining Cars, beyond comparison in style and finish, are run during day time on transcontinental trains between Montreal and Vancouver, and on St. Paul and Boston express trains between Montreal and St. Paul. Special attention has been given by the Company to the service of these cars, and travellers will find all the delicacies of the season at their demand for the nominal charge of 75 cents per meal for adults and 50 cents for children under ten.

Hotels.—In the Rocky Mountain region, hotels have been built and are operated under the Company's control, at Banff Hot Springs, at the eastern base of the mountains; at Field, near the summit of the Rockies; at Glacier Station, on the summit of the Selkirk; and at North Bend, on the Fraser. These hotels form admirable stopping places for tourists, who do not wish to make the overland journey, through that region in one unbroken trip. The Company also owns and operates the "Hotel Vancouver," a large and commodious new hotel at Vancouver.

Expresses can be obtained on C.P.R. express trains between Montreal and Halifax, on day and night express trains between Montreal and Toronto, on 2.45 p.m. train Toronto to Detroit, and on 1.45 p.m. train Detroit to Toronto. These lunches are served by waiters from a bill of fare at extremely moderate charges, and are a special and attractive feature of this line. The service is under the Company's immediate supervision, special compartments being fitted in first class coaches for it. In addition to this Buffet Service, Dining Halls are located at convenient stations, setting a table equal to that of the best hotels, at which ample time is allowed for meals. Dining Halls and Luncheon Counters are marked thus on Time Table. Buffet Cars marked o.

Meal Coupons good for one meal or lunch—not to exceed 75 cents in value—will be honored at the Company's hotels at North Bend, Glacier and Field, in dining or buffet cars, or at any station dining room on the C.P.R.; on Wagner dining cars on N.Y.C. & H.R. Rd.; at N.Y.C. & H.R. Rd. dining rooms at New York, Poughkeepsie, Albany, Syracuse, Rochester and Buffalo; at Delaware & Hudson Canal Coy's restaurant, Plattsburgh, and at Central Vermont Rd. restaurant at St. Albans.

Time.—The trains of this line are run sharply on time. Through trains make very few stops, and are permitted to stop at certain stations. All freight trains are kept well out of the way of passenger trains, and no train is permitted to follow a passenger train from a station until it has passed the next station ahead. This is the only line in America where this rule is in force.

The Civility and Attention of the employees of the Company are spoken of by every traveller on the line. The cleanliness of cars and stations is also noticed. These two points are, next to safety, most carefully watched by the management.

Safety.—Every appliance of proved value, calculated to secure safety, has been adopted on this line. There are too numerous to mention, but they include an elaborate guard system at all bridges, Cooke's patent safety switch at all turn-outs from the main track—the only safety switch in use in Canada, and the only one known that will with certainty prevent derailment from a misplaced switch. Especial care has been taken to make the heating apparatus on trains entirely safe, and the oil used in lighting the cars is manufactured expressly for the Company, and is safer even than candles, while it affords a most brilliant light.

Track and Bridges.—The cuttings are unusually wide and thoroughly drained; the embankments are very wide and solid; the bridges resting on first-class masonry, are of steel, and of twice the ordinary strength; the rails are of the best steel, manufactured under rigid inspection, and are laid with angle splices of double strength; the ties are large and closely laid, and the track is ballasted with the best materials.

By employing the most expert operators and building first-class lines the C.P.R. Co.'s TELEGRAPH endeavors to secure ACCURACY in the transmission of TELEGRAMS.
